PRODUCT SUPPLY STATUS

May 2023

PRODUCT NAME	SUPPLY STATUS
Imvaggis (estriol) 0.03mg pessary	We are experiencing an interruption to supplies. New supplies are delayed and are now expected towards the end of June 2023. We are working to try and reduce this timeframe. We sincerely regret any inconvenience caused.
OESTROGEL (estradiol (0.06% w/w)) Pump-pack	This product is in stock. Note there are two pack shapes now available in Ireland. One is a conical shaped bottle with a blue lid and the other is a cylindrical bottle with a white lid. It is only the pack that is different, the formulation of the product remains the same.
TESTOGEL (testosterone) 50mg gel in sachets	This product is in stock
TESTOGEL (testosterone) 16.2mg/g gel	This product is in stock
UTROGESTAN VAGINAL (micronised progesterone) 200mg Capsules with applicators	We are experiencing an interruption to supplies and this product will be out of stock until mid-June 2023. We are working to reduce this timeframe and keep the disruption to a minimum. We sincerely regret any inconvenience this may cause.

Reporting of side effects

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in the package leaflet. You can also report side effects directly via the website www.hpra.ie. Side effects should also be reported to Besins Healthcare (UK) Ltd, Drug Safety on 01-4004466 or email pharmacovigilance@besins-healthcare.com. By reporting side effects you can help provide more information on the safety of this medicine.
